May 19-23, 2003

NEW Faculty Members

Do not miss this opportunity to:

1) Better understand your students’ hometown roots and meet successful graduates.

2) Discover the diverse engagement roles performed by North Carolina State University through teaching, research, and extension across our state.

3) Gain an appreciation for what the land-grant tradition means to the people of North Carolina.

4) Learn more about our cooperative relationships with schools, businesses and industries while increasing your awareness of the economy of the State.

Eligibility:
NC State University faculty and EPA professionals reporting through the Provost, University Advancement, Student Affairs or Research. Each college/school is encouraged to submit three names by February 21, 2003.

Request for Application:
Each Dean and Department Head will have application forms and additional information by early January.
